Trace One for Cosmetics

Our Innovation Pillars

AI

Significant innovation effort for the next TO Devex PLM release

- AI-powered Raw Material Onboarding
- Regulation Inquiries
- Artwork & Data Proofing

CUSTOMER ADVISORY BOARD

ANALYTICS

Powerful business insight – out of the box dashboards

- Projects Portfolio Optimization
- Capacity Planner

NEW MODULE for ADDED VALUE

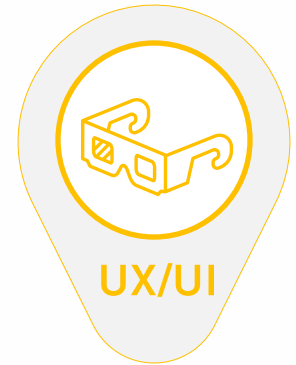

COMPLIANCE

43% of investment in regulatory is on cosmetics related content

- Compliance Checks
- Label statements
- Reports
- SDS Authoring

ACTIVELY EVOLVING TOOLS

UX/UI

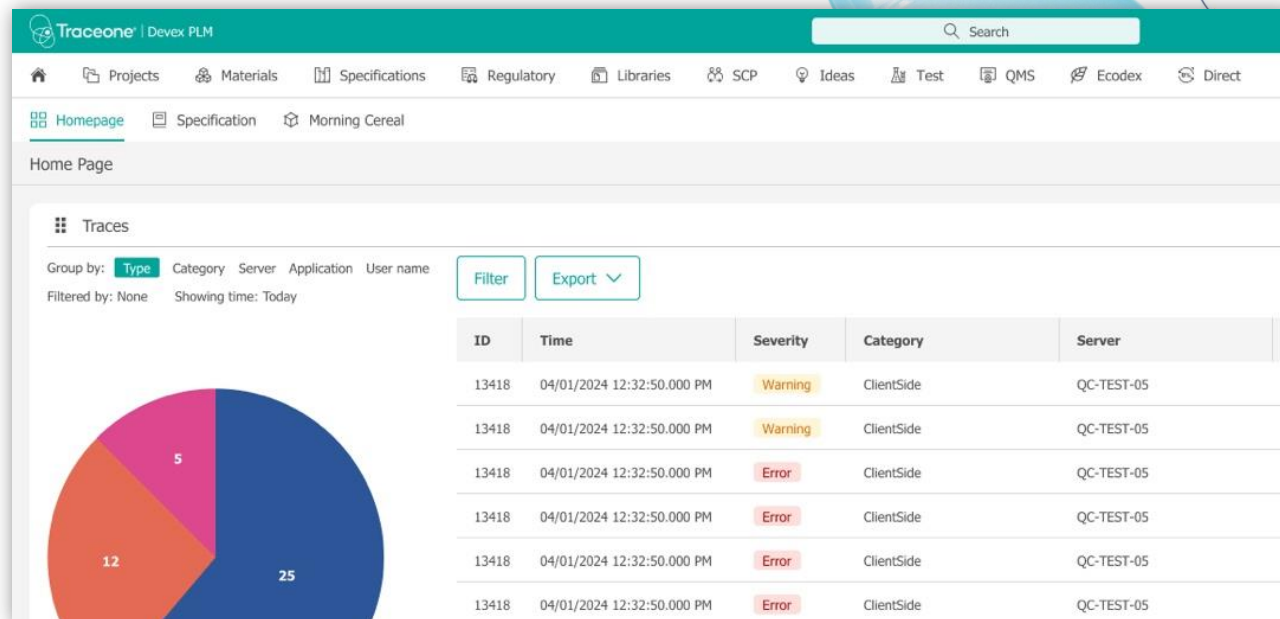

Fully dedicated stream & team to bring the best latest in design to TO Devex PLM

- Modern UI design
- Effective Interaction (workflows & searches)

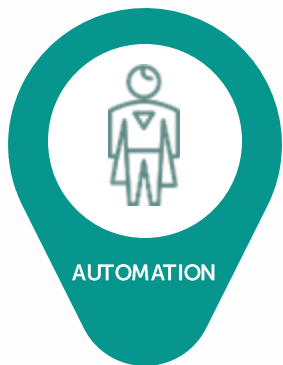

ROADMAP for Trace One Devex PLM

Better User Experience Leads to Enhanced Productivity

Dedicated team of UX/UI experts committed to bringing the best and latest in design to our UI, for a modern and intuitive user experience

Leveraging AI to Enhance Efficiency, Accuracy and Agility Across the Product Development Lifecycle

AUTOMATION

Automate repetitive & time-consuming tasks such as data capture or document management

Improve efficiency

COMPARISON

Simplify data management, text/image comparison, and proofreading

Strengthen product compliance

MAPPING

Facilitate data mapping and integration between different systems

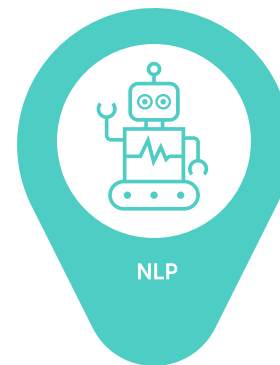

Reduce time-to-market

DECISION

Improve decision-making processes through suggestions (raw material, formulation)

Innovate faster

NLP

Naturally interact with Trace One solutions and facilitate queries (data, documents)

Boost user productivity

Automated Data Extraction Reducing Manual Data Entry

Drag & drop TDS,
SDS, certificate files
and let the system
do the job

The screenshot displays the 'AI Data Extractor' application window. The top menu bar includes options like Projects, Materials, Specifications, Regulatory, Libraries, SCP, Ideas, Test, QMS, Ecodex, and Direct. Below the menu, there's a breadcrumb trail: Specification > Standart Apple juice > AI Data Extractor. A dashed box with a plus icon and the text 'Drag and drop or click on plus to download new document (one document at a time)' is visible. To the right of this box are three buttons: 'Undo', 'Remove Document', and 'Save Document'.

The main content area is titled 'Product Specification' and features the 'ASR TATE & LYLE SUGARS' logo. The product being specified is 'Granulated Sugar'. The specification details are as follows:

- Alternative names:** TL gran
- Product Description:** Free flowing white crystalline crystals which taste of pure sweetness without any foreign odours or taints.
- Ingredient Declaration:** white sugar
- Botanical Source of sugar:** sugar cane
- Chemical and Physical Characteristics:**

Sucrose	99.9% Min.
Invert	0.04% max.
Ash	0.015% max.
Loss on drying	0.06% max.
Colour	35 IU max.
Size	Retained on 1mm sieve 9.0% max.
- Microbiological Characteristics:**

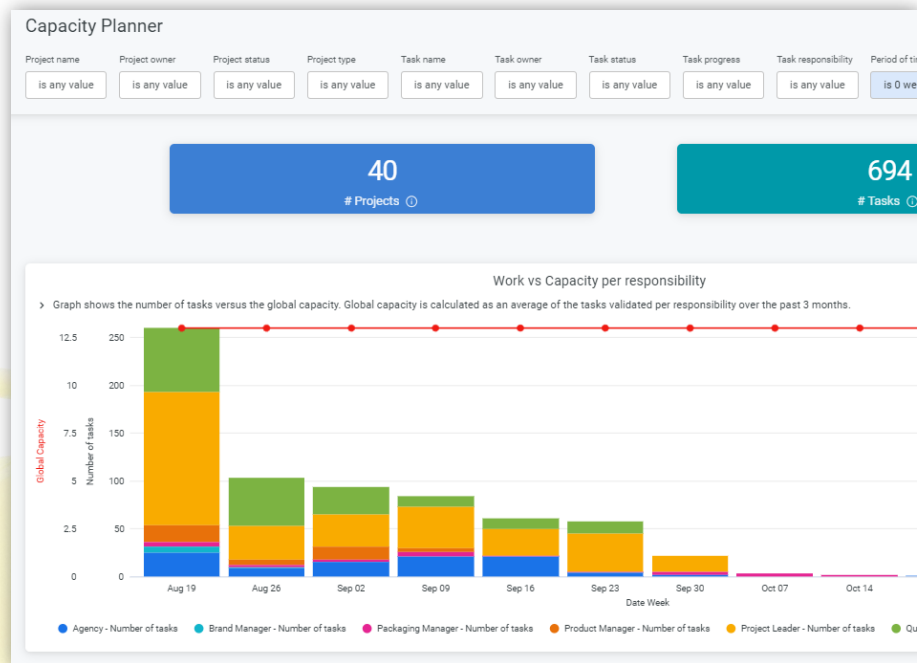

Mesophilic bacteria/g	20 cfu max.
Yeasts/g	1 cfu max.
Moulds/g	Moulds/g 1 cfu max.
Salmonellae	Not detected in 25g.
E. Coli	Not detected in 1g.

The right sidebar shows a table of contents for the 'Granulated Sugar' document, with expandable sections for Alternative Names, Product Description, Ingredient Declaration, Botanical Source Of Sugar, Chemical And Physical Characteristics, and Microbiological Characteristics.

Drive Business Decisions with Real-time Data & Dynamic Dashboards

Our team of data experts is offering ready to use, value-oriented & predictive dashboards...

...and custom services integrating external sources of data to produce actionable, tailored, decision-making dashboards

Effortless Compliance to Conquer New Markets

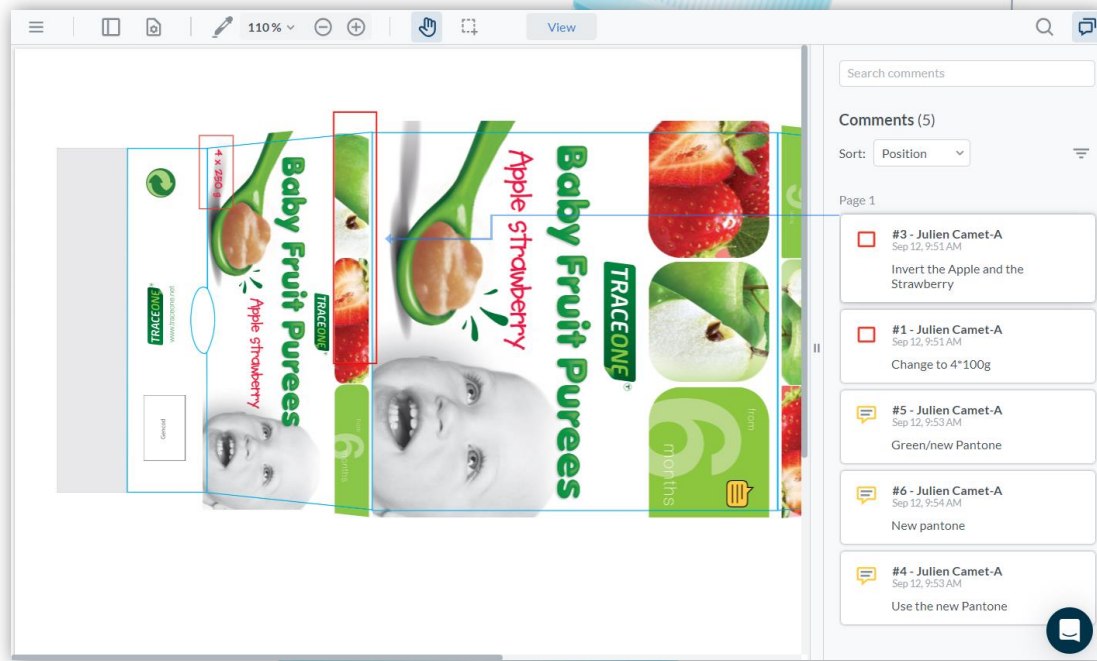

Continuous regulatory updates to the Best-in-class Software with embedded Regulatory database.

- NutriScore update: 2024 Applicable Algorithm Version
- Cosmetic Substance Limits: US FDA 21 CFR Parts 73, 74 and 700
- Cosmetic Substance Limits: STSC 2015 & Updates + IECIC
- New Food Supplements specific content: Nutrient Limits and Tolerances
- US State-to-State: Legislation monitoring
- EU Member States additional content: Legislation & News Monitoring

Never Miss a Product Launch with Artwork Management

- Smooth Interaction: annotate and compare artwork, decreasing the number of review loops
- Easy Proofing: compare versions while reviewing
- Traceability: keep track of assets & final validated artworks

On-the-go Approval with Mobile Support

Check and approve your projects, specifications and materials using your mobile phone.
